Revision: 8

The [Security and Emergency Management Branch](#) (SEMB) supports and coordinates a number of government committees and working groups.

Security and Emergency Management Committee of Cabinet (SEMC), which oversees whole-of-government strategic direction to the ACT Government's preparations for emergencies under an all-hazards planning framework.

Security and Emergency Management Senior Officials Group(SEMSOG), which supports SEMC by providing strategic policy advice on protective security, counter terrorism and emergency management.

Security and Emergency Management Planning Group(SEMPG), which develops, implements and reviews specific security and emergency management matters including plans and sub-plans, reporting to SEMSOG.

ACT Security in Government Committee(ACTSIGC), which is responsible for developing, implementing and reviewing protective security policy and procedures for the ACT Government.

Closed Circuit Television Working Group(CCTVWG), which facilitates and monitors the progress of the government's review of CCTV capability in the ACT.
